

## 3 BRIGADIERS ARE PROMOTED

Nominated Major Generals;  
18 Colonels Promoted  
to Brigadiers.

Washington, D. C., June 8.—In nominating three new major generals and 18 brigadiers, today, president Wilson disregarded strict seniority and went down into the list for "live wires" for the greater army.

The brigadiers nominated major generals are John P. Morrison, William L. Shert and Charles G. Morton. In addition to the army promotions, more than 200 officers of the navy were advanced to higher grades, among them Capt. Hugh Rodman, who becomes a rear admiral.

Eighteen colonels promoted to be brigadiers are:

Edwin P. Glenn, John Biddle, Henry C. Hodges, Jr., Adelbert Cronk, Wm. H. Sack, Omar Bundy, Richard M. Blatchford, David C. Shanks, Robert L. Bullard, Augustus G. Blockson, George T. Bartlett, Joseph T. Dickman, Henry T. Allen, Chase W. Kennerly, Harry C. Hale, Samuel D. Sturgis, Wm. M. Wright and Peyton C. March.

Col. Allen recently left Camp Stewart, near Fort Bliss, with the 13th cavalry for Fort Riley, Kan.; Col. Bundy has been for two years adjutant general of the southern department at Fort Sam Houston, Tex.; Col. Sack commanded the 12th infantry at Nogales, Ariz., during the attempt to take Sonora, border port.

Col. Glenn commanded the 23d infantry at El Paso in 1911-12 and during 1915-17 was commander of the Deming national guard camp.

## SEVEN ALIENS ARRESTED; FAILED TO REGISTER

Chavez, Wyo., June 8.—The arrest of seven aliens at Rock River Encampment and Rock River charged with failure to register for the draft, was announced today by Charles L. Rigdon, United States attorney for this district.

## WILL ASK HELP IN RECRUITING

Texas Guard Officers Here  
to Apply to Commerce  
Chamber With Plans.

Plans for recruiting three new companies of infantry for the Texas national guard at El Paso were discussed Thursday night at a meeting of the chamber of commerce, attended by persons interested in the state guard.

Leut. Col. H. E. Stevenson presided. It was decided that Col. Stevenson should go before the board of directors of the chamber of commerce next Tuesday to ask their aid in the recruiting work.

A call has been issued by Gov. Ferguson for volunteers between the ages of 18 and 45 for the Texas regiment. This call says that 10,000 men are needed to bring the Texas guard to war strength.

Col. Stevenson said that in order that every young man willing to enlist may have a chance of promotion, he has purposely refrained from filling all the commissioned officers, and when the guard is fully recruited, those found to be especially worthy, where the opportunity affords, will be given recognition, irrespective of whether they have had military experience or not.

## GIVES SCOUTS A RATE.

In order that many of the Boy Scouts in El Paso may take advantage of the summer camp at Mountain Park, N. M., Chamber of Commerce, passenger agent for the El Paso and Southwestern railroad, has arranged for special rate tickets of both full fare and half fare to be sold to scouts on June 19 and 26 and July 2 and 10.

## EL PASO HERALD LIBERTY BOND SAFE FOR ALL

Reserve Bank Appeal Emphasizes Security of the Investment.

Dallas, Tex., June 8.—The officials of the federal reserve bank of Dallas, in charge of the Liberty loan for the 11th district, gave out the following statement to the press this morning:

"There are certain classes of people to whom the Liberty bonds should have a peculiarly strong appeal, namely to those whose income had best be derived from conservative investments. We refer to trustees of estates and all persons holding money in trust; widows deriving their income from money willed to them, men with money but without a deep knowledge of the intricacies of industrial or financial matters. To such people, the Liberty loan is a godsend, amidst all the allurement of schemes for getting rich quickly, with their accompanying keen disappointments, there stands out this gold-edged, government secured, tax free security.

"A trustee dare take no chance, a widow cannot and the man without a real knowledge of finance is inviting deliberately continual worry, by backing problematical business gold mines.

"The freedom from taxation of these bonds make them equal approximately to a 5 percent investment in the country, and a 6 or 6 1/2 percent investment in the cities. The chances of their rising in value and being sold at a premium are good.

"To those who desire to avoid worry and frequent bitter disappointment in financial matters, we recommend Liberty bonds. The subscription list closes on the 15th of this month, and it is necessary, therefore, to use reasonable haste in securing allotments, as the agents of the United States government and with full sense of our responsibility as such, we advise the purchase of Liberty bonds to the people referred to."
